

VK series Home Theatre & Karaoke loudspeakers

Specially designed for family entertainment, high cost-effective film Karaoke speaker, taking into account the film and karaoke singing.

It adopts high sensitivity horn driver, which has stronger directivity and high frequency energy sense. The ultra-thin cabinet design is convenient for hidden installation behind the screen, and also suitable for Dolby Atmos sky channel.

Choose VKS series active subwoofer, you can set up a set of cost-effective home theater karaoke system suitable for large rooms.
